AMS business continued to show robust revenue growth of 89% to \$64.0 million, up from \$33.9 million for the 6 months ended 30 June 2003. Compared against corresponding quarter in 2003, AMS revenue has increased by 72% or \$13.9 million in second quarter of 2004. The increase in AMS revenue is largely due to expansion of regional AMS network, from 145 service centres as at 30 June 2003 to 369 service centres as at 30 June 2004. Increase in out warranty revenue has also contributed to the increase in AMS revenue as of June 2004.

Revenue from DMS business surged 1286% to \$62.6 million, up from \$4.5 million for the period ended 30 June 2003. During the second quarter of 2004, the Group has concluded its business restructuring with the acquisition of various retail and distribution businesses. As of 30 June 2004, DMS business accounts for 49.5% of Group's revenues (before elimination of inter-company transactions), up from 11.8% as at 30 June 2003.

Profit before income tax

Pretax profit of the Group for the period ended 30 June 2004 has increased by \$10.3 million, mainly due to increase in revenue as explained in above paragraphs. Pretax margin stood at 15.6% as of 30 June 2004, down from 23.6% for the period ended 30 June 2003. Please refer to following paragraphs for analysis of AMS and DMS margin.

Breakdown of the Group's profit before income tax by business segment is as follows:

			YTD	YTD

AMS profit before tax margin has decreased by 3.3% pt, from 24.9% for the period ended 30 June 2003 to 21.6% for the period ended 30 June 2004. This is mainly due to decrease in other operating income, in particular management and advisory fee, royalty income and foreign exchange gain.

DMS profit before tax margin has decreased by 4.6% pt, from 13.4% for the period ended 30 June 2003 to 8.8% for the period ended 30 June 2004. This is primarily due to distribution/trading business acquired in the 2^{nd} quarter of 2004 which has a lower margin compared to the logistic business in DMS.

In the second quarter of 2004, the Group continued to grow its AMS business in the region notably:-

India

ACCS was appointed by Nokia as its Care partner in India. In addition to Nokia, the Group also works with Motorola and various Korean brands in India. India, with its large population, growing affluence and existing low mobile phone penetration rate, is a key market that is expected to propel the growth of ACCS in the next few years. The Group expects its business in India to contribute approximately \$40 million in revenue for FY2005. The Group's strategy in India is to work with key mobile phone manufacturers so as to capture more market share in a growing market.

PRC

The Group is working towards securing more brands and expanding its present network in the PRC. In June 2004, the Group clinched contracts from Hisense Communication Co., Ltd ("Hisense"), a handset manufacturer in the PRC, to provide spare parts and accessories distribution services and also provide backend AMS operations for Hisense's CDMA phones in the PRC. PRC, with the world's largest mobile phone market and its relatively low mobile phone penetration rate is another key growth market for ACCS. The Group is currently looking for strategic business partners in the PRC in order to expedite the set-up of a nationwide AMS network in the PRC.

South Pacific

With a nationwide AMS network in place in Australia, the Group is exploring various business opportunities in South Pacific. The Group was recently appointed by InFocus Corporation (NASDAQ: INFS) as its new national service agent across Australia. InFocus is a worldwide leader in digital projection technology and services.

Out-warranty Business

The Group is also leveraging on its extensive regional network to further expand its out-warranty services which includes servicing handsets outside of the manufacturer's warranty period and/or scope of warranty. In June 2004, the Group had secured several contracts with handset distributors to provide out-warranty AMS services for trade-in handsets in the PRC, Thailand and Australia.

As at 30 June 2004, the Group's network of 369 centres comprises 197 dedicated-brand service centres (in 197 physical locations) and 172 authorised service centres located in multiple-brand service hubs (in 47 physical locations). The network covers a total of 35 brands including Alcatel, BenQ, Bird, CECT, Cosun, Daxian, DBTel, Dopoda, Emol, Fengda, Gtran, Haier, Hisense, Hyundai, ikomo, Kyocera, Lenovo, LG, Motorola, NEC, Nokia, O₂, Panasonic, Philips, Psion, Sagem, Samsung, Sendo, Sharp, Siemens, Sony Ericsson, Soutech, Tel.Me, Toshiba and TCL.

During this period, the Group had also restructured/reorganised its DMS business to include several mobile phone distributors/retailers in connection with its proposed listing on the Singapore Exchange Securities Trading Limited. For the 6 months ended 30 June 2004, DMSPL contributed approximately 49% and 29% to the Group's revenue and pre-tax profit respectively. Further details on the proposed listing will be provided in due course.

The AMS business will remain the core business of ACCS but management is continually identifying new related businesses to augment the Group's earnings growth.

The Directors continue to see a trend of consolidation in the fragmented AMS industry in the region as well as the increasing outsourcing trend in the telco industry. The Directors believe that the Group, with its track record and extensive regional network, is poised to benefit from current trends and remain optimistic of the Group's prospects in the next reporting period as we establish ACCS as the AMS partner of choice in the Asia-Pacific region.
